## RECAP

The September 11 kickoff events were a huge success! Trail walkers, board members and local government officials enjoyed the food and drink, courtesy of the Wyndham College Station. Live music and a silent auction kept everyone entertained.

## Exhibit Your Art In a Local Venue

*We have three local venues in need of high quality art to display! It is time for us to change our exhibits at Perrine Winery, Wyndham Garden Hotel and the Brazos Center. The Wyndham is a group exhibit and each artist contributes a couple of works. Want to know more? Email Carol Henrichs, [president@visualartsociety.org](mailto:president@visualartsociety.org)*

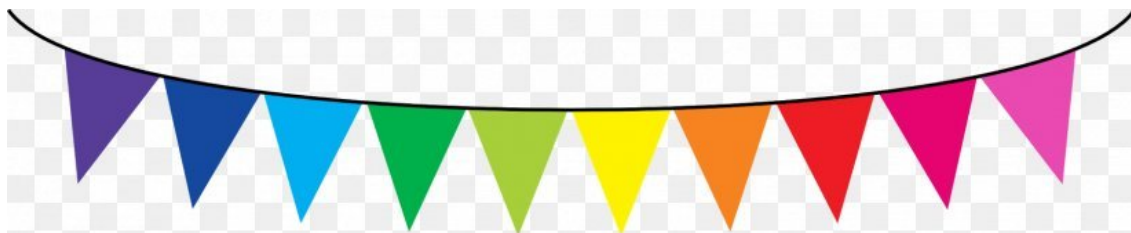

## MEMBER MEETING

### **NOV 1, 11:30AM: THE PEACE & WONDER OF TANGLING**

Cindy Rae Fanjcer, a Certified Zentangle Teacher (CZT) will demonstrate how to enjoy the peace and wonder of tangling and show how tangles can be combined with names and initials for special gifts or turned into a brilliant piece of art. “One day a painting can be a landscape and the next an abstract painting. Each canvas has a ‘thing’ it is supposed to be and it is my job to bring that ‘thing’ out of the canvas. ”

Our November 1st member meeting begins at 11:30 am with food and social time followed by our featured artist’s presentation. The public is welcome!

## **Art Markets & Fairs**

All active members are eligible to participate with our organization in art markets and fairs. Email [contact@visualartsociety.org](mailto:contact@visualartsociety.org) if you would like more information in selling your art at one of the following events:

- December 4th 9am-3pm: First Saturday Art Market at Degallery
- December 11 4-8pm: Howdy Holly Days in the Northgate Promenade

I'm late in posting these, but on Friday, August the 13th, I sold these four 46 x36" or 40 x 30" canvases to @ Carol Turner. Carol will be opening the 417 Grill in Navasota soon and you can see them there. Feel so honored that she has chosen my art to showcase.

A tension of opposites emerges when I work first with soft, smudgy edges, also known as friction painting, while combining blue from the cool side of the spectrum with the warmth of earthy neutrals, then finish with strong geometrics. This one I call "Distant Relatives." It's hanging now at Sheridan Stationery in Sheridan Wyoming.
