@Parker-Astin

The Visual Art Society is excited to share that Parker Astin has invited our artists to display and sell their work throughout November 2025, beginning with First Friday. This month-long exhibit will feature a variety of local art and several activities to welcome visitors during the pre-holiday season. We're grateful for this opportunity to showcase our members' talent in a gallery setting and look forward to a fun month of celebrating the arts with our community. If closed, ask the Frame Gallery next door to let you in.
